

# SEMINAR SERIES

WIN 2012

This series encourages communication among scientists, students and others interested in the complex interactions of oceans and human health. Speakers and articles will bridge disciplines, highlight cross-cutting issues, and expand awareness of the role of our oceans on human health. Everyone interested in these topics is welcome to attend.

Students who would like to receive credit | contact Micaela Parker at [micaela@u.washington.edu](mailto:micaela@u.washington.edu).
